## SPOTLIGHTS

### Senior Spotlights

Johnny Snell

Johnny has not attended Maysville High School for his whole career. He attended Paoli his freshman year. His friends call him “Johnny Freakin Snell” or “Steve”. He plans to pursue a career in engineering. He plans to attend Oklahoma University or Oklahoma State University.

The one thing that Johnny wants everyone to know about him is that he is a Christian, he works hard at everything he does, he is trustworthy, and he always gives respect. Johnny is most proud of his accomplishment of giving his life to Christ, because he now knows that he “will see the ones he loves again.”

Johnny most admires his great grandpa Ed Pendley. He was a mud engineer. Johnny admires that he died doing what he loved. His great grandpa had always said “do a job that you love and you’ll never work a day in your life.”

When described by people who know him, they all say that Johnny is respectful, honest, hardworking, and

funny. When Johnny describes himself to others, he would say that he is a senior and plans to go to the Navy to become a Navy Seal and go to college to get an engineering degree.

When Johnny is faced with setbacks, he runs. He states that “If someone or something upsets me I just go for a run. Sometimes a long run.” Johnny has been faced with many setbacks. His house burned down in 2004 and his grandpa committed suicide in 2011. If Johnny is not at school, he is running and listening to music, chilling in his room, going to visit his brother and play video games, or spending most of his time sleeping.

Johnny is excited for what the future holds for him. He plans to become a Navy Seal, retire by the age of 38 with an engineering degree, then get the best job to have a steady income to support his family by using his degree.
