SPOTLIGHTS

Senior Spotlights

Gabe Wilmot

Gabe Aaron Wilmot is the son of Toby and Trisha Wilmot. Gabe has spent his whole high school career at Maysville High School. After he completes high school he plans to pursue a career in architecture, law, or business. He is interested in attending Oklahoma University, Wichita State, Texas Christian University, Kansas, or Oklahoma State University.

The one thing that Gabe wants people to know about him is that he is hardworking, smart, and determined to succeed. He has had perfect attendance for 3 years. He is a good student despite only attending a small academic setting, but could do well in a big school also. He helps when he is asked, and will probably do the same in college.

The person Gabe most admires is Abraham Lincoln, because he saw everyone as equal.

When described by those who know him they would say that Gabe is smart, tall, sarcastic, and easygoing. When Gabe describes himself to others he says that he is kind, smart, and an easygoing

person. He likes to help when needed, and he gets along with most people. Setbacks are part of life and when Gabe is faced with setbacks he will usually get mad at first, but then focuses and tries to do better. He may also practice after he has played a bad game. Gabe's greatest challenge was the AP exam. He learned that he is capable of more than he thought he was. That also makes it one of his greatest accomplishments, because his ACT and AP scores are on the “higher end”, and it shows how hard he has worked through school.

If Gabe is not at school, you might find him playing basketball, watching TV, playing video games, and going to the gym. He also enjoys spending time with his friends and family. His relationship with his family is important to him, because they love him and are always there for him.

Gabe is excited about what the future will hold for him as he moves on from high school and is confident that he will be successful in whatever path he takes. He would like to play basketball in college if possible. He plans to graduate and “make money”.
