Elizabeth Townley

Elizabeth Townley is the daughter of Randy and Christy Townley. Elizabeth has attended Medina Valley High School, in San Antonio, her freshman year. After high school she wants to pursue a career in nursing. She is interested in attending East Central University, Northwestern University, and Langston University.

The one thing that Elizabeth wants people to know about her is that she is caring to those around her and always giving a helping hand. The person that Elizabeth most admires is her Aunt Norma. She admires her because she loved her life, even though everything she went through. Especially the last year of her life. She was dedicated to her work, she loved going. She never missed a day, until she got sick. Even then, she did not want to stay home from work. The year before she passed away, she was diagnosed with Non-Hodgkins Lymphoma, which is a cancer in the lymphatic system. Elizabeth looked up to her aunt Norma, she wanted to be like her, and the type of nurse she was. Everyday after work, when Elizabeth lived with her, Norma would tell her about her day. Elizabeth was very close to her, and seeing how dedicated she was, Elizabeth wanted to be like that. Elizabeth and her family had found out after Norma passed away, that she had beat cancer.

When described by those who know her, they would say that Elizabeth is a team mom, sarcastic, honest, and funny. When Elizabeth describes herself to others, she would say that she is a pretty quiet person, until she gets to know you. Then, she is a pretty loud and talkative person. She wants to be a nurse, she

is certified in CPR and first aid, phlebotomy, and is trained in CNA.

Setbacks are part of life and when Elizabeth is faced with setbacks she reacts by working harder to overcome them. Elizabeth has faced many setbacks, her Junior year she had a tonsillectomy. Before, she was missing a lot of school due to strep. After her tonsillectomy, she also got mono. She might not have the best things going for her, but Elizabeth works very hard to overcome setbacks and challenges. If Elizabeth is not at school, she is hanging out with friends and family. She also looks for colleges that she can apply to and see which one fits her best. Elizabeth has a lot of relationships that are important to her. Especially her family, such as her parents and siblings. Her family and friends are her rocks and shoulders to cry on. “They do everything to help me succeed” she states. Elizabeth is excited for what the future holds for her as she moves on from high school and is confident that she will be successful in whatever the future holds for her. Elizabeth plans to finish high school, get through college, find Mr.Right, get married, and start a family. Also get a job doing what she loves.
