#### Deshai Notti

Deshai Notti is the brother of Jermine Carter and Jelisa Love. Deshai has spent his high school career at Norman North for his freshman and sophomore year. After high school he wants to pursue a degree in physical therapy or become a registered nurse. He is interested in attending Oklahoma University, East Central University, Northeastern Oklahoma University, Tulsa University, or the University of Central Oklahoma. The important things for choosing a college for Deshai would be how far it is from home, the coaching, environment, how big it is, and how the professors are towards students.

The one thing that Deshai wants everyone to know about him is that he is honest and real. He does not “sugar coat” anything. He has manners and is very respectful. He is also a very caring person. His relationship with his family is most important to him. His brother and sister play a large role in his life. They are like his mom and dad.

The person Deshai most admires is Adrian Roberson. He has a great football career and has faced injury and a lot of hate. He always finds a way to push it away and move forward. Deshai is a very hard worker in everything that he

does.

When described by those who know him, they would say that Deshai is crazy, loud, funny, and talented. When Deshai describes himself to others, he says that he is tall, very chill, and relaxed. He is very down to earth and loves to help others. Football also is not just a dream, it is his life.

Setbacks are part of life and when Deshai is faced with setbacks, he tries to think of the good. Like football, but things will happen, but he can not let that determine how he is.

If Deshai is not at school, you might find him playing video games, listening to music, or hanging out with friends. He spends a lot of his time improving and working on football.

Deshai is excited about what the future will hold for him as he moves on from high school and is confident that he will be successful in whatever the future holds for him. He plans to graduate high school, go to college, play football at a collegiate level, and go to the NFL. he is interested in playing at any level of college to play football, because he “just wants to play.”
